# IT'S ALL ABOUT TRUST

In concentrating fully on the hunt, hunters place a special trust in their equipment. This trust takes many years to develop – and is put to the test on every hunt. Maintaining this trust is therefore at the core of all our product innovation.

This year, we are launching the AXIS MSP® camouflage following several years of preparation in partnership with leading experts and pioneers in this field. The new Lynx range introduces the AXIS pattern, which rounds off the ultimate stalking suit.

Norfell Insulated is our warmest suit and will appeal to high seat shooters who need to take the fight to the elements. Freja Lady is the ultimate suit for the woman rifle hunter. The new Pro Hunter Move suit incorporates all the familiar qualities of the Pro Hunter range, with an optimised fit for better freedom of movement.

All of our new ranges share one thing in common – as a hunter, you can have complete trust that our gear has been developed and fully tested by our ProTeam, with only the best technologies and materials making the cut. Exactly what you need to fulfil your potential as a hunter.

# AXISMSP®

## HÄRKILA DIGITAL CAMOUFLAGE

AXIS Multi Season Pattern® is our new, digital camouflage. It has been developed in close collaboration with camo experts, biologists and professional hunters.

AXIS MSP® has been designed to take account of how deer see the world. The unique pattern is designed along two axes. The first axis pattern merges you into the surroundings and prevents the game detecting you. The second axis pattern breaks up your outline and stops your prey perceiving you as a threat.

The combination of the two patterns boosts your chances of getting up close to your prey.

See the AXIS video  
at [harkila.com](http://harkila.com)

# LYNX

**UP CLOSE.** When stalking, every little step and movement count. When excitement takes hold, your pulse quickens and your senses are working overtime, equipment should be the last thing on your mind. When the crosshairs have found their mark and time seems to stand still, that's the time when everything needs to just work. An absolute focus on the hunt, on the target, on the squeeze of the trigger...

Detachable hood

**NEW**

**LYNX**

# A PASSION FOR STALKING

The Lynx range is designed for stalking. This suit is made from soft, silent, stretch fabrics, for stalking unobserved across country. The new **AXIS MSP®** camouflage breaks up your silhouette and merges you into the surroundings. The suit's waterproof, breathable and low-noise **HWS®** membrane is designed for hunting. Lynx promises you the intensity of a close approach.

# LIGHT GTX® DOG KEEPER A BOOT AT THE LEADING EDGE

Light GTX® Dog Keeper is a robust, lightweight boot in CORDURA® designed for challenging active hunting over long distances. The boots weigh only 740g, are exceptionally breathable, require minimum upkeep and are quick-drying. The CORDURA® material is made from highly resistant fibres, which makes the boot ideal for hunting, where a combination of durability and low weight are crucial.

The boot features a breathable, waterproof, durable GORE-TEX® membrane that perfectly matches the quick-drying technical outer material. The sole system comprises a soft, comfortable midsole with a flexible forefoot for both ease of walking and a secure footing.

# NORFELL INSULATED

**SERENITY.** Be there when nature awakes. Hear the first sounds, see the first signs of life. Experience peaceful early hours in the biting cold. You are prepared for any weather. Your gaze stretches to the horizon, the frozen soil reflects every sound. Patience is its own reward, whether the game appear or not. It's all about being there.

Insulating fabric

**NEW**

## NORFELL INSULATED RESISTING THE ELEMENTS

Norfell Insulated is our warmest suit, designed for high seat shooting. Created for the hunter who waits patiently at his post or in a high seat, even when the weather does its worst. The Primaloft® insulation ensures you stay warm, and the breathable HWS® membrane keeps you dry and protects you from wind, rain and snow. Other features include a practical zip on the lower leg and a smooth, lint-free fabric on the back and seat that inhibits freezing and unwanted noise from movement.

Handwarmer pockets

Zips in lower leg

**Primaloft®**  
Originally developed as an alternative to  
goose down. Compressible and insulating  
in both wet and dry conditions.

**NEW**

# GUARANTEED DURABILITY

## 5-YEAR WARRANTY ON PRO HUNTER

Härkila's Pro Hunter range represents the epitome of durable, dependable, technical hunting garments.

The garment's robust Airtech™ fabric has been developed in collaboration with Swedish high-tech textile specialist F.O.V. Airtech™ is used by the police and military the world over, wherever extraordinary performance is needed.

The waterproof, breathable GORE-TEX® membrane is permanently laminated to a soft lining rather than to the outer layer. This construction provides the best possible protection to the membrane.

This hardwearing technology and robust construction allows us to offer a unique 5-year warranty on material and manufacturing faults on Pro Hunter jackets and trousers.

A Pro Hunter suit will accompany your hunting adventures for many years to come.

### GORE-TEX®

Very high quality, waterproof, windproof and breathable membrane.

### Airtech™ by F.O.V.

Unique textile, combining extreme durability with great comfort. Soft, breathable, wind-resistant, water-repellent and dirt-repellent.

### CORDURA®

Highly durable and lightweight fibres.

# TARGETING THE NEEDS OF THE SHOOTER

Uncompromising quality and innovation are Härkila's watchwords. So we only work with the market's very best, most innovative and quality-focused partners. We also continuously develop and improve technologies and solutions specifically targeting the needs of the shooter. The benefits for you are carefully designed and tested clothes and equipment, so you can focus 100% on the hunt.

**Härkila Weather System, HWS®.** Membrane system designed for all types of hunting and shooting. Waterproof, windproof, lightweight, breathable and low-noise.

**HSP® Härkila StormPro.** Windproof membrane technology with excellent breathability, designed for active hunting.

**GORE-TEX®.** Waterproof, windproof and breathable membrane in a very high quality.

**GORE WINDSTOPPER®.** Combines complete wind protection with outstanding breathability.

**PrimaLoft®.** Originally developed for military use as an alternative to goose down. Highly compressible and insulating in both wet and dry conditions.

**CORDURA®.** Highly durable and lightweight fibres.

**Airtech™ by F.O.V.** Unique textile, combining extreme durability with great comfort. Soft, breathable, wind-resistant, water-repellent and dirt-repellent.

**Vibram®.** High-tech specialised sole promising a comfortable, ergonomic stride.

**ArcStretch™.** Designed for high-intensity activity. Retains its elasticity. Protects against the elements and provides comfort without hindering freedom of movement.

**Hybrid System.** Combination of materials for the ultimate in comfort, performance and capability.

**Polartec® Power Stretch®.** Extremely breathable fleece with 4-way stretch. Keeps you dry against perspiration, and highly insulating despite its low weight.

**AXIS MSP®.** Digital camouflage pattern that both merges into the surroundings and breaks up the hunter's outline.

**Mossy Oak® New Break-Up.** A popular camo pattern due to its diversity and life like qualities.

**Mossy Oak® Blaze.** A combination of the Mossy Oak® pattern and highly visible orange makes Mossy Oak® Blaze ideal for hunting with companions.

**Mossy Oak® Break-Up COUNTRY®.** Mossy Oak® Break-Up COUNTRY® combines digitally enhanced natural elements with perfect colour tones to help you blend in and shadowing elements that break up your outline.

**Polygiene®.** Keeps the garment odour-free. Natural silver chloride inhibits the bacterial growth that causes unpleasant odours in sweaty clothes.

**Bionic Finish®.** A patented system for a water-repellent, oil-repellent and dirt-repellent textile finish.

**Merino wool.** Very fine wool from Merino sheep. Long fibres make this wool extra soft and fine. Härkila uses only "mulesing free" Merino wool.

**Woolmark.** The world's best known and most respected textile fibre label. Guarantees the use of 100% pure wool in the product.

**Actiwool.** Insulating and moisture-transporting woollen material that keeps you dry and warm.
